

Animal Rescue League of New Hampshire Kennel Sponsor's Report

Sponsor: Jim & Sabre Leek & Family
Report for the Period: 9/23/2006 – 10/31/2006

Kennel Number: 10
Level: \$50/month

Dear Jim, Sabre & Family:

Thank you so much for your ongoing support of the beautiful and loving dogs that come into our care here at the Animal Rescue League of New Hampshire.

Currently a sign highlighting your sponsorship hangs on the front of kennel #10 in our dog adoption area – you are welcome to come and visit us and your sponsored residents at any time! During this reporting period, three wonderful dogs have resided in Kennel #10: Jury, Roxie and Ruby.

Jury the Lab

Jury is a high energy Labrador Retriever who came to us at the age of 9 months because his high spirits were too much for his owners to handle. He was a pleasant and playful dog, but definitely in need of discipline and high-energy owners.

Jury was with us 88 days (he was in residence in Kennel 10 when your sponsorship started) and went to his forever home on October 14, 2006. He was adopted by a family that had another Lab with a very similar temperament and knew exactly how to provide the love and discipline that Jury needs to be a great pet.

Adopted October 14, 2006

Roxie & Rubi the Lab/Terrier Mixes

Roxie and Rubi came to us because their owners were getting divorced and neither felt that they could keep the dogs. They moved into Kennel 10 together (they have been with us since August 24, 2006) when Jury was adopted and are still waiting for their forever home.

Both Rubi and Roxie are one-year old playful loving females. Since they have always been together, we would like to adopt them out together. These girls have unlimited energy and have not been taught any manners prior to coming to the League. They are very difficult to walk together because they each pull on the leash in different directions. Roxie and Ruby will definitely require obedience training. Also since Roxie is a bit over-reactive as well, they will have to go to an adult only home.
